

SUSTAINABLE STEPS

Brought to you by Arielle Gerstein,
Charleston County's Sustainability Manager

Climate Action Planning Update

Check out Charleston County's [Climate Action Planning page](#). Here you can find information on greenhouse gas emissions, the climate action planning process including recorded and upcoming webinars, and who is involved in this process.

View latest webinar [here](#).

Fill out the questionnaire below to give us your thoughts on climate action planning:

[Take Questionnaire Here](#)

How does Climate Change Impact Charleston County?

| ENVIRONMENT | ECONOMY | HEALTH | |
|--|---|---|--|
|  More frequent hurricanes & flooding |  Increased rain |  Heat exposure |  Water contamination |
|  Rising sea levels |  Threats to plants & animals from changing habitats |  Fisherman suffer as fish & shellfish diminish |  Increased utility bills |
| | |  Disease from mosquitoes & ticks |  Mental health issues |

Learn more at: charlestoncounty.org/cap

Until the end of the year we are working on engaging residents in the climate action process virtually and through in-person group sessions. If you are interested in hosting a conversation with your community or Charleston County department, please email sustainchsco@charlestoncounty.org.

Mailing List

To sign-up for the Charleston County Sustainability mailing list, [fill out this form](#).

For more information on Charleston County's Sustainability Program or to suggest a Sustainable Steps idea, contact Arielle Gerstein at agerstein@charlestoncounty.org, or call (843) 958-4083.
